

OUR School OUR Students

OUR Future

At Pialba State School, we each take ownership of the inter-relationships with-in our school and, take responsibility for their influence on the futures of our staff, community members and particularly our students.

OUR Way

At Pialba, we use CALMER and STRONGER to centre our behaviours in a positive fashion. CALMER focuses on the softer side of inter-relationships, while STRONGER has its focus on being strong in positive ways. These are combined with our Responsible Thinking Process to encourage each of us to think more productively about our behaviour and how it impacts on us and others.

OUR Environment

At our school we:

Get TANGLED in the WEB of LIFE

DARE to sail BEYOND

Recognize the landmarks to

BLAZE a TRAIL to the FUTURE

JOIN the BATTLE of the FITTEST

BECOME a SURVIVOR

At our school we:

Get HOOKED on LEARNING

SCALE the UPS and DOWNS

Take in the SCENERY along the WAY

NURTURE each other NATURALLY

CELEBRATE the CATCH

Have FUN among the FIGTREES

We have a school-wide curriculum that has a strong environmental flavour and stresses the application of excellent pedagogical practices, quality tasks and authentic assessment items.
